

PowerMark™ PRO load center

In stock and ready to ship.

While some load centers may be hard to come by right now, ABB is loaded up with PowerMark PRO. Inventory is ready to ship from our Mt. Juliet, Tennessee distribution center, enabling you to fill your back orders immediately. Don't delay — exceed your customers' delivery expectations now.

- **New, industry-leading load center designed with contractor input**
- **Large inventory of load centers and circuit breakers in stock in Mt. Juliet**
- **Sales count toward annual VID goals**
- **Full pallet load center orders receive priority through January 31, 2023 or while supplies last**

PowerMark™ PRO load center

The motherlode of load centers — in stock now.

Allow ABB to help you meet your customers' needs with the load center designed with contractors in mind, offering ease of installation, flexible design and increased reliability. We have more than 20,000 PowerMark PRO load centers and more than 200,000 circuit breakers in inventory.
